## A LETTER FROM THE CEO

Thank you for your membership at Las Colinas Federal Credit Union. Together we have celebrated life-changing achievements, tackled insurmountable hurdles, and are diving stronger than ever into the season ahead.

Both outside the walls of our branch, and our homes, things have been a little more complicated in the world. We all felt it, and now we are finally coming out on the other end. Through these summer months, let us continue to grow and remember that anything is possible when we work together.

We know that you have a choice when it comes to your financial institution, and we are honored to have you as part of the Las Colinas Federal Credit Union family. We are committed to working each day to positively impact and enrich the lives of our members.

As these summer months approach, lean on us for a change. Whether you're getting your children ready for school, need a vacation, or are searching for a new home, let us support you. Thank you for all that you do and for being a part of our credit union family.

## THE IMPORTANCE OF AN EMERGENCY FUND

Like millions of people across the country during the COVID-19 pandemic, many of our members have faced economic challenges and hardships due to reduced or lost income. Situations like this underscore the importance of having an emergency fund equivalent to 3 to 6 months of living expenses. That means necessities like mortgage/rent payments, car payments, utility bills, food, credit card payments, and other bills you usually pay every month in a savings account to cover them in case of an emergency — like a global pandemic.

## SEASONAL SAVINGS GUIDE

Here are a few ways you can make some hidden savings each month.

**July:** Summertime can mean pressure to plan a dream vacation for your family. If that's just not in the budget, opt for a staycation instead. There are tons of ideas - visit local parks and beaches, hit the museums and theaters, or even go camping in your own backyard.

**August:** Whether you're shopping for students or not, the savings abound on food items, office supplies, clothes and shoes, and home goods.

**September:** Fall is just around the corner, and the cooler weather is rolling in, which means open windows and no need for air conditioning. More fresh air and lower electric bills are a win-win!
